

## Good Leaders Great Leaders Forum 2004

October 1st & 2nd, Gottlieb Duttweiler Institute, Rüschlikon, Zürich

### What participants said

Congratulations, it was a huge success this weekend and I personally had some very special connections.  
Thanks to you.

***Lynne Franks***

A quick note to congratulate probably exhausted leaders on a really, really good conference. Creative, good networking, good place, easy to get along and meet people, many people on stage, diverse, fun, content-rich but not top-heavy. You did a good job and I want to thank you. I found it valuable and learned a lot. I hope my very small contribution was also helpful.  
Again, to you and your colleagues a very warm thank you and congratulations !

***Cornelius Pietzner***

Just to say thank you for making it possible for me join the Zürich meeting - and my congratulations on a truly inspirational event. It certainly revived my passion and challenged me to think more ambitiously !

***David Grayson***

This is simply to thank you for your heroic efforts to gather this great group of dedicated SiBs. I really enjoyed the conference, talking and sharing with so many soul mates.

At the same time I felt the real complementarity of our two networks.  
In a way it is ironic that EBBF is more focused on its core values, which are an expression of the spirit and spirituality that bring SiB members together. This is even more reason for me and some other EBBF members to be involved with and contribute to SiB. Again, Bravo.

***George Starcher***

Thanks for inviting me to participate in the Zürich SIB. I learned a lot that was new, inspiring and applicable to my life and work. What a great network of people you and your fellow SIB stewards have created.

In reflection I have concluded that there is much that spiritually aware and spirit-full businesses can do to help places regain or create spirit and will be thinking on this in my future work. There is an undoubted connection here between spiritually aware people, businesses and places.

My best wishes for your continued success.

I wanted to thank you, for inviting me. I had a great time, unfortunately I had not much time to talk with you. Seeing you three made me feel like I was welcomed in a family. I had not even expected that you remembered me. The women's forum has touched me deeply. I am also very grateful for the great work spirit in business does. It gives me hope to see how many people are investing their time and talent to make a difference. We try to do it in our small company as well.

I hope we stay in touch. Tanks a lot.

**Sabine Bellfeuille**

ICH danke Ihnen, dass Sie zu uns gekommen sind. Wir alle haben uns gefreut, Sie und Ihre Gäste in unserem Hause zu haben. Ich würde mich natürlich sehr freuen, wenn Sie wieder einmal einen Anlass bei uns organisieren. Es war wirklich schön mit Ihnen, das meine ich ganz ehrlich.

**Franziska Glaus - GDI**

I would like to express my deep thanks for the invitation to the SiB Forum. It was a good time and many contacts and talks remain in my thoughts. I am sure that one or the other idea can be transferred in a concrete way - as one example I will try to bring the concept of stewardship into the ENTERPRISE Foundation.

At the Forum I realized of what enormous work you and the team have accomplished in making it possible. I have big respect and hope that we can work together in a project in the near future. Let's stay in contact. Again many thanks and all the best to you

**Gustav Seewer**

A big thank you for enabling me to be here at this wonderful conference. It has been a real (re)treat. As a token of my appreciation I want to offer my paper on spiritual based leadership, which basically brought me here in the first place. As I am taking my first steps on this path of uniting Spirit and Business, I am excited about the road that lies ahead.

All the best in all of your wonderful endeavours, and thanks again from the bottom of my spirit.

Till we meet again, Love,

***Marieke Kersten***

“The forum was outstanding. I made great connections and was very inspired. I will come again next year, wherever it may be, even in Cape Town !”

***Peter de Bruin***

I wanted to extend my gratitude and thanks for your organisation of the Zürich conference and my invitation to participate. I very much appreciated the chance to be amongst like-minded and spirited colleagues and will look forward to the next opportunity when it arises.

I think the conference in itself was extremely well received, the location inspiring and the catering excellent. I left with some wonderful insights, some new heart-connections and a refreshed spirit - so thank you to you and your team for all your hard work in bringing the conference into being and for my opportunity to be present.

***Caroline Ryan***

I am very glad I decided to participate in the Forum Spirit in Business: I liked the format and content of the meeting and I also made good contacts.

(By the way, the articles in the folder of the conference are also informative and interesting).

***Albert Pelach***

It was a wonderful conference. I enjoyed the deep conversations which I had.  
You did very good work.

***Jan Willem Kirpestein***

Thank you for organizing an inspiring event. Although I couldn't be part of all of it, the hours I were there were of great inspiration to me. I felt that I was connecting to likeminded people and got a doze of support and clarity that what I am working on is the right thing. Great job.

***Kristin Engvig***

A heartfelt thanks for two days so rich in encounters and emotions.  
Marinella and Maria Laura absolutely want to contribute, the moment you wish to do something in Italy.  
Just like our friend Narajana says, *"Visionary conceives the impossible. Missionary makes it possible"*.

***Enrico Giraudi***

I would like to thank you for the magnificent experience which I lived through in Zürich. It marks a new beginning in my life, a marvellous beginning full of promises and projects.  
If you think it proper, I'd like to take up the responsibility of organizing your next conference here in Italy, with Marinella's and Enrico's help.

***Maria Laura de Rosa***

I wish to thank you and congratulate to the conference of last week-end. I have experienced it as a very inspiring event that has created contacts with wonderful people who think and act from a shared background; it indeed feels well to know that one is not a lonesome traveller but one of a whole network moving in the same direction: evolution at work!

I am also glad to have been able to contribute some small parts to the great mosaic the two days displayed, and I have seen that they also created some positive resonance.  
A big THANK YOU! - Thanks and respect also to the many helpers who were responsible for a sensitive and smooth organization !

***Hans Jecklin***
